## Timothy DeWein named 2011 FIVE STAR Real Estate Agent<sup>SM</sup> by readers of *Texas Monthly*

San Antonio, TX, February 18, 2011: Timothy DeWein has been selected to appear in Texas Monthly Magazine as a recipient of the Five Star Real Estate award for excellence in customer satisfaction. The FIVE STAR Real Estate Agent Program is designed to identify and showcase real estate agents in a local market that score highest in overall satisfaction.

As part of an in-depth research process real estate agents are evaluated by their customers and real estate industry professionals based on customer service, integrity, market knowledge, communication and negotiation skills, closing preparation, helping you find the right home, marketing the home being sold, and overall satisfaction

More than 100,900 recent home buyers, readers of *Texas Monthly*, mortgage lenders and title companies were asked to submit an evaluation to identify exceptional real estate agents in the Austin, San Antonio, and Central Texas region.

After review by a blue ribbon panel of local real estate experts, fewer than 7 percent of all licensed real estate agents were selected.

The 2011 list of real estate agents will be shared with the Austin, San Antonio, and Central Texas region community in a special promotional section of the June issue of *Texas Monthly*. This section will be seen by more than 792,000 readers and is used by potential home buyers and sellers as a resource throughout the year.

For Release 9 a.m. CST, February 18, 2011
