

## **Avoid 6 Costly Errors When Moving to a Larger Home And Save Thousands**

A new report has just been released which identifies the 6 most common and costly mistakes that homebuyers make when moving to a larger home.

Unlike the experience of buying a first home, when you're looking to move-up, and already own a home, there are certain factors that can complicate the situation. It's very important for you to understand these issues before you list your home for sale.

Not only is there the issue of financing to consider, but you also have to sell your present home at exactly the right time in order to avoid either the financial burden of owning two homes or, just as bad, the dilemma of having no place to live during the gap between closings. In answer to this issue, industry insiders have prepared a free special report *entitled "6 Inside Strategies to Avoid Trade-Up Mistakes"*.

These six strategies will help you make informed choices before you put your home on the market in anticipation of moving to a larger home.

Call NOW to find out what you need to know to make your move up to a larger home worry-free and without complications.
