TEXAS ASSOCIATION OF REALTORS®

2010 General Election endorsed candidates

Do you believe that real estate is a primary driver of the Texas economy? Do you think private-property rights are important? Help elect public officials who share your view on these issues and who will protect our industry and the rights of all Texans.

This voter guide lists candidates endorsed by the Texas Association of REALTORS® and supported by TREPAC. Candidates are selected for their positions on real estate and related issues—not party affiliation or stands on issues unrelated to real estate.

You'll notice certain candidates have two asterisks following their names, which designates these contests as opportunity races. In these, Texas REALTOR®-supported candidates receive additional assistance from the association in their campaigns, such as phone banks, block walking, and yard-sign campaigns. If you would like to participate in opportunity races in your area to help elect candidates supportive of the real estate industry, contact the Texas Association of REALTORS® Governmental Affairs staff at 800/873-9155.
