**A Voyage to the “Inside
Passage” of Alaska on the
Pacific Catalyst**

Travel with your host Jay Zarr, President of the Board, on the Catalyst, a historic wooden vessel that has been thoughtfully restored. These voyages will be unlike any other trip as we explore the wonder and grandeur of the Alaska coastal wilderness. Travel the same area that John Muir experienced on his travels. Each morning begins in a quiet anchorage; waking to the aroma of baked scones and freshly brewed coffee. Our morning outings could be kayaking or riding in a skiff experiencing the flora, fauna, and geology of this dramatic shoreline. Later the same day, hike into the moss draped spruce forests; be prepared to be amazed by the sightings of brown bear, humpbacks, orca whales and calving glaciers. Each day ends with a gourmet dinner prepared by our chef and served by candlelight or barbecued on the beach. At times your most difficult decision is what regional foods and fine wines might be served today. Nightfall is enriched by beautiful sunsets, the soulful breathing of the humpback, the silence of wilderness and enjoying the conversation with your shipmates. (For more information go to www.pacificcatalyst.com)

Nature and Raptor Center of Pueblo is providing this voyage at a 10% discount for all our members. The prices for this experience of a life time are the following:

	Catalyst	Your Price	Cabin Cost
