HEXTER-FAIR TITLE COMPANY

2006 - 2007 Dallas, Denton and Collin County School Ratings

2006-2007 KEY FOR CAMPUS RATINGS

EXEMPLARY: All students and each student group meeting minimum size meets 90% standard for each subject on the TAKS. The school had a dropout rate of 0.2% or less and a completion rate of at least 95%.

RECOGNIZED: All students and each student group meeting minimum size meets 75% standard for each subject of the TAKS. The school had a dropout rate of 0.7% or less and a completion rate of at least 85%.

ACCEPTABLE: All students and each student group meeting minimum size meets each standard: Reading 65%, Writing 65%, Social Studies 65%, Mathematics 45% and Science 40%. The school had a dropout rate of 1.0% or less and a completion rate of at least 75%.

UNACCEPTABLE: All students and each student group failed to meet one or more minimum Acceptable standards. If the TAKS passing standard is not achieved, a public hearing and an improvement plan are required. Low performing school will be visited by a team of local educators from other school districts who are trained in the state's accreditation process. Schools that do not improve can have a monitor or management team appointed by the Texas education commissioner.

NOT RATED: Schools serving students in pre-kindergarten, kindergarten or early education are not rated by the state agency. The Texas Education Agency has rated all school districts and their individual campuses based on test scores, attendance rates and dropout rates. Following is the breakdown for selected metroplex districts.
