

# About Me

After several years in the insurance industry my real estate career began 1995 in sales and marketing for a local custom homebuilder, Murphy Homes Group. Years of working with customers on the construction details from blueprints to carpet has given me unique experience to share with my clients today. I recognize quality construction details and understand the difference between a minor cosmetic fix and major remodel nightmare.

In 2008 I joined Keller Williams where I continue to be a full-time Realtor working with buyers and sellers throughout Plano, Frisco and surrounding areas. I am detail oriented and committed to ensuring my clients results reflect their best interests. 95% of my business is personal referral so I value the trust of my clients and will never sacrifice that trust for the potential of any future client. Current market conditions require experience to avoid the pitfalls from contract to closing and I keep my eye on the next step!

Regardless of rising markets or sluggish sales this is my only business, I love what I do and I'm here for the duration. Since joining Keller Williams my success has brought individual agent achievement awards for both listing and closing volume. I welcome the opportunity to meet with you to discuss your questions and share my experience.

*Originally from San Antonio I moved to Dallas in 1982. As the middle child of seven and surrounded by family and friends I learned the importance of appreciating the people that make my life complete. I have two nearly grown children and their successful independence is in clear sight!*
