All About Stamford!

About Stamford

Welcome to Stamford, a coastal community along Connecticut's shoreline. Stamford is a city of approximately 117,000 citizens, consisting of 37.3 square miles. Stamford is 25 miles to the northeast of New York City, and 40 miles southwest of New Haven. Connecticut's Capitol is Hartford, which is 90 miles to the north.

Our motto is "The City That Works!" Stamford is an economically sound community and continues to pursue appropriate economic development initiatives to both attract and retain companies and corporations.

Quality of Life

One of the key measures of the quality of life in Stamford is the crime rate, which has seen double digit decreases during each year of Mayor Malloy's tenure.

Leisure

We are a City with many facets- as we offer both urban and suburban elements ranging from the multi-acre homes in wooded North Stamford, to our splendid corporate downtown center, to the beautiful shoreline areas that envelop our parks and beaches.

Every house on Shippan Point is within walking distance of a beach or water access. Some of the beaches are private, some are owned by associations, and some, owned by the city, are open to the public for City park hours. Others are association owned, but open from dawn till dusk to local residents who can walk to them. Some beaches are owned privately, but have deeded access to neighboring homeowners who share in the taxes.
