

How You Can Help Market

I strive to always give each client the utmost in real estate service. However, because you are so close to “the action,” the sale of your home will happen much quicker if you help with the marketing effort at home.

Following is a list of things you can do to help me sell your home quickly for the most money and with the least amount of hassle:

1. If you have any questions or concerns regarding marketing tools, showings, etc., please call me at 615-302-4242 (office) or 615-339-8100 (cell). If not immediately available, please leave a message to have your questions or concerns answered as soon as possible.
2. Check your yard sign regularly to ensure that it is straight, highly visible, and in good condition. If it has blown loose and cannot be easily straightened, please call me to have it replaced or repaired.
3. If you have a flyer or info box attached to your sign, please monitor their availability. Let me know when your supply declines so more can be ordered to ensure no buyer is missed. Because weekends are such a great time for marketing your home, please place your order with me by Thursday so they can be delivered prior to the weekend.
4. Keep your home in showing condition at all times. Your cooperation and availability in showing your home is invaluable to its sale.
5. Tell your friends, family, and co-workers. You never know who might know someone looking for a home in your area. The goal is to sell your home as quickly as possible and with the least amount of inconvenience to you.
