“Pat Buysse is an amazing realtor! She was great to view houses with and I always felt like she had my best interest at heart. I could not ask for a better person on my side. If you're looking for a real estate agent you should reach out to her! ”

It was a wonderful experience working with Pat & Mark Buysse to sell our home in Brandon SD. From signing the contract to the closing they were in constant contact with us, giving us all the detail on how the sale was progressing. We felt the exposure, advertising and promoting showings was extremely successful. The one open house was done right after we listed and we had an offer and contract in 13 days after listing. We would strongly recommend Pat & Mark Buysse.

Pat, You and Mark were just awesome during my home search process. Telling me about things to watch for. I feel you went over and above to do your best and if ever I decide to sell and property search again you will be the first person I'll call! Thank you again for everything!

Pat is dedicated and a very professional realtor. Her efficiency and dedication to the customer are phenomenal. There is no question she doesn't find an answer to and quickly gets the answer to the client. She is always pleasant and we are pleased to now say we consider her a friend.

We met Pat while she was showing a home. She was honest and up front, which we appreciated. We decided to hire her to guide us through the process of selling our home and purchasing another. She sold our house very quickly and helped us find our dream home. Pat and Mark were always willing to show us many homes until we found "the one". Throughout the process they both were very honest and eager to help us. We always felt they were looking out for our family. Thank you Pat and Mark. You are highly recommended!

“Working with Pat was a real pleasure... for the first time in buying or selling a home I really felt like my agent was working for me... she found me the perfect house the day it came on the market and she worked hard to make sure the deal got done in lieu of some difficult circumstances.

She sold my house in an extremely timely fashion making the entire experience as smooth as it could possibly have been. To top it off Pat is extremely pleasant to work with, not pushy but at the same time she is determined and follows through better than any agent I have ever had. She works 24 x 7 and was always there and available whenever I had any concerns or questions. I recommend Pat unconditionally. Please feel free to call me if I can provide any further information.

Pat has kept us informed every step of the way through emails and phone calls during the selling process of our home. Her marketing skill (comps and pricing ready at our first meeting, web advertising, fliers, signs in the home, open house) and attention to detail is top notch. Her knowledge, honesty and integrity rank her as the BEST realtor we have ever worked with. We recommend Pat Buysse without hesitation.

Pat's work ethic is unmatched among all the people we know. If you get Pat Buysse to work for you, your house is as good as sold, and the house you are looking for will be found. Pat goes the extra ten miles for her clients. When we found a home we were interested in she even had the seller fit a queen mattress in the front door to be sure moving in would be no problem for us. If you want a car that lasts a long time, you buy a Honda. If you want a beautiful, quality watch, you buy a Rolex. If you want a realtor who'll do an excellent job and leave you absolutely satisfied with a new home or the sale of a home, you have to get Pat Buysse.

Experience in the local market, in-depth knowledge of home buying process and ease of communication and integrity. Pat's high level of expertise helped guide me through my first-time home buying experience. She worked around my often-crazy schedule to show me many homes. Everything was low pressure and she patiently answered all my questions. I gained a lot from her in-depth knowledge and advice while looking through potential homes. I would happily refer anyone looking for a realtor to Pat Buysse.

When I tried to sell my house I put a sign out and thought I would try and sell before I gave it to a realtor. Pat came and talked to me and gave me some pointers to protect me. Then I knew she was a person that I could trust and think about my needs. During the process, Pat was very professional and always kept me informed of everything she did. She would have an open house every week if I wanted and I know not many realtors would do that. She is very personable and she looks out for your needs and ways for you to save money. I enjoyed working with her and would definitely give her name to others to sell their house.

Pat is the most helpful Realtor anyone could ever expect to deal with in selling a property. She went out of her way to help in getting the property sold; for example; sending out numerous fliers, making sure the property was presentable, holding numerous open houses, contacting other businesses to get the property prepared for selling and many more other small things too numerous to mention. She is a Realtor angel! Thank you; again, Pat, for all of your time that you put into this sale.
