The Roof Is On! **Keller Williams Realty Group Gets Ready for Their New Home**

Construction is well underway for the NEW Keller Williams Realty Group Market Center located at the intersection of Lewis Road and Route 422.

With just a few more months to go – Keller Williams Realty Group gets ready to make a splash in their new market center located in Limerick. The 30,000 square foot center is being constructed by Gambone Development Company – a leader in the building industry for over 40 years.

When Keller Williams Realty Group launched in 2002, there were only 12 agents. Over the past two years, the market center has continued to grow. Currently there are 145 agents in the company. With the construction of this new building in Limerick, there will be plenty of space to continue growing.

“Now has never been a better time to be in the Real Estate industry”, says Terese Brittingham, Broker/Owner of Keller Williams Realty Group. “Our business continues to increase year after year. Last month our market center did over 100 transactions. With all of the training and tools that we provide our agents to be at the top of their service platform, it’s no wonder we keep growing.”

The new market center is scheduled to be completed by the end of December. This will give the agents plenty of time to get ready for the busy Spring market.

Keller Williams Realty Group is currently located at 810 Oak Street in Royersford, PA. Their mission is to Build Careers Worth Having, Businesses Worth Owning, and Lives Worth Living.
