My mom, Denise Wing, has been in the lending industry for over 30 years. She provides all types of mortgage loans from Conventional, FHA, VA, Second Mortgages, Reverse Mortgages, and Home Equity Lines of Credit. Denise is in the business of building long-term relationships, not just one-time services. She will look out for your best interests by making sure she gives you all of the proper mortgage options for your specific situation. She does this by listening to your future goals and aspirations, by helping you budget, and making sure you never go beyond your means (if she has anything to say about it ☺.) Denise believes she is here to educate you about the mortgage process; about all the things you'd never even know to ask about, as well as answer any other questions you may have. Denise taught me everything I know about this industry, but the most important industry knowledge she taught me was to always do the right thing for your client, even if it costs you time and money, because if you do right by them, they'll always come back.

Cindy Emerine, Owner, Certified Mortgage Lender

Cindy has been a client for many years now and is very organized and fun to work with. She takes great care of her clients and always makes sure she takes all of their needs into consideration. She is dedicated to improving the mortgage industry and therefore serves on several boards throughout the metro area. With all of her experience, Cindy is a great choice for handling your mortgage.

Laurel Taylor, Home Mortgage Consultant

Laurel has been in the lending industry for many years. Laurel treats her clients with the utmost respect and truly listens to their needs and wants. She always makes sure her clients are in the loan that fits their needs *for now*, and *for their future*. Just like the other lenders noted on this page, Laurel would never sell her client a loan knowing it could hurt their financial future. She is a wonderful lady and a fabulous lender.

Ralph Wieleba, Owner
Certified Mortgage Lender & Certified Mortgage Broker
Phone: 303-779-3030
Fax: 303-779-3666
Email: ralph@hanovermortgage.com

Ralph has been a mortgage lender as long as I've been alive. He has been a great teacher to me, as well as a devoted client for documents and closings. Ralph is a great person. He's definitely "old-school" as they call it; doesn't like the internet all that much and doesn't believe in communicating via email. He's a hands-on kind of guy who really likes to talk face-to-face or over the phone. Whether you are refinancing an existing loan, purchasing a new home, or seeking financing for small commercial buildings, Ralph is someone you can always trust. He strives to build lifelong relationships with his clients by providing them with personal attention and quality service. With all his years of experience, Ralph certainly has the experience to handle all your mortgage needs.
