

Download the Best Real Estate App On the Market

Available on the
App Store

ANDROID APP ON
Google play

- Conduct a Nearby Homes property search, switch to map view, pan around and play with the draw tool

- View listing details for one property, and then simply call/email/text me from there

- Save listings and search criteria to allow you to track new listings on the market that fit your criteria

- Use the Advanced Search from the opening screen, conduct the search, and then save the search criteria, so that you will receive email notifications

Available for iPhone, iPad and Android
