I utilize cutting edge, web-based lead generating tools to find the buyer that will pay top dollar for you home.
The Buyer’s Agent Agreement

What is the Buyers Agent Agreement?
Entering into a Buyers Agent Agreement has countless advantages and no disadvantages. When you sign the agreement, you are simply agreeing to hire a personal representative who, by law must represent your best interest to the best of his/her ability. All of this personal service is available at absolutely NO COST TO YOU. The Seller’s Agent is responsible for paying your Buyers Agent fee. With me, you get a professional devoted to protecting your needs to help you make one of the most important investment decisions of your life - ad you don’t even have to pay the fee!

✔ Your Interests are Professionally Represented
Enlisting the services of a professional Buyers Agent is similar to using an accountant to help you with your taxes, a doctor to help you with your health care, or a mechanic to help you with your car. So the first advantage is pretty obvious. If you had the time to devote to learning all you need to know about accepting, medicine, and automotive mechanics, you could do these services yourself. But who has the time? You probably already have a full-time career to which you are committed. This is why you allow other professionals to help you in specific areas of expertise. I have devoted my time to perfecting a career in real estate service. Continuous education, market research, and vast experience are combined with an excellent team of real estate professionals to find you the perfect home quickly. I will take care of all the hassles of every day real estate transactions for you. We let you concentrate on your full-time job, while we help you find a home, present your contract offer, negotiate, and close!

✔ You get a personal specialist who knows your needs
The advantage to signing a Buyers Agent Agreement with me is that you will have a professional working to find and secure the perfect home for you exactly when you need it. It is nearly impossible to find a home that meets your needs, get a contract negotiated, and close the transaction without an experienced agent. When you tour homes with your professional Buyers Agent, you will already know that the homes meet your criteria for bedrooms, garage space, square feet, neighborhood, etc. Also, your Agent will ensure you are looking at homes that are in your price range.

Just as your accountant, doctor and mechanic get to know your needs through a steady relationship, your Buyers Agent gets to know your real estate needs and concerns. This type of relationship is built by open communication at all times and by touring homes with your Agent so as to get a good idea of your feedback and concerns about each home. If you try to jump from agent to agent, you will not receive the best real estate services possible, and you will be violating your agreement to your agent. There is nothing to gain from trying to find and tour homes on your own, and you will save a lot of time when your agent can tell you everything about any home before you see it.

Your Home Search

I love helping buyers find their dream home. That's why I work with each client individually, taking the time to understand their unique lifestyles, needs and wishes. This is about more than a certain number of bedrooms or a particular zip code. This is about your life. And it's important to me.

When you work with me, you get:

• A knowledgeable and professional REALTOR®
• A committed ally to negotiate on your behalf
• The backing of a trusted company, Keller Williams Realty

I have the systems in place to streamline the home buying process for you. As part of my service, I will commit to helping you with your home search by:

• Previewing homes in advance on your behalf
• Personally touring homes and neighborhoods with you
• Keeping you informed of new homes on the market
• Helping you preview homes on the Internet
• Advising you of other homes that have sold and for how much
• Working with you until we find the home of your dreams
Making An Offer

Once you have found the property you want, we will write a purchase agreement. While much of the agreement is standard, there are a few areas that we can negotiate:

**The Price**
What you offer on a property depends on a number of factors, including its condition, length of time on the market, buyer activity, and the urgency of the seller. While some buyers want to make a very low offer, just to see if the seller will accept, this often isn't a smart choice, because the seller may be insulted and decide not to negotiate at all.

**The Move-in Date**
If you can be flexible on the possession date, the seller will be more apt to choose your offers over others.

**Additional Property**
Often the seller plans on leaving major appliances in the home, however, which items stay or go is often a matter of negotiation.

Typically you will not be present at the offer presentation; we will present it to the listing agent and/or seller. The seller will then do one of the following:

- **Accept the offer**
- **Reject the offer**
- **Counter the offer with changes**

By far the most common is the counter offer. In these cases, my experience and negotiating skills become powerful in representing your best interests.

When a counter offer is presented, you and I will work together to review each specific area of the counter offer, making sure that we move forward with your goals in mind and ensuring that we negotiate the best possible price and terms on your behalf.
Closing 101

Prepare for it
Closing day marks the end of your home buying process and the beginning of your new life! To make sure your closing goes smoothly, you should bring the following:

- A certified check for closing costs and down payment. Make the check payable to yourself; you will then endorse it to the title company at closing
- An insurance binder and paid receipt
- Photo IDs
- Social security numbers
- Addresses for the past 10 years

Own it
Transfer of title moves ownership of the property from the seller to you. The two events that make this happen are:

**Delivery of the buyers funds**
This is the check or wire funds provided by your lender in the amount of the loan

**Delivery of the deed**
A deed is the document that transfers ownership of real estate. The deed names the seller and buyer, gives a legal description of the property, and contains the notarized signatures of the seller and witnesses.

At the end of closing, the deed will be taken and recorded at the county clerk’s office. It will be sent to you after processing.
Frequently Asked Questions

*How will you tell me about the newest homes available?*

The Multiple Listing Service website provides up-to-date information for every home on the market. I constantly check the *New on Market* list so I can be on the lookout for my clients. I will get you this information right away the way that is most convenient for you, by phone and/or e-mail.

*Will you inform me of homes from all real estate companies or only Keller Williams Realty?*

I will keep you informed of all homes. I want to help you find your dream home, which means I need to stay on top of every home that's available in the market.

*Can you help me find new construction homes?*

Yes, I can work with most builders and get you the information you need to make a decision. On your first visit with the builder, I will accompany you. By using my services with a new construction home purchase, you will receive the services I offer, as well as those provided by the builder, at no additional cost.

*How does for sale by owner (FSBO) work?*

Homeowners trying to sell their home without agent representation are usually doing so in the hopes of saving the commission. If you see a FSBO and want the advantages of my services, let me contact the owner for you and make an appointment. Most times the homeowner will work with an agent, even though their home is not listed, since the agent is introducing a potential buyer to their property.

*Can we go back through our property again once an offer is made, but before possession?*

Usually we can notify the seller and schedule a convenient time to visit the property again. Immediately before the closing, we will schedule a final walk-through and inspection of your new home.

*Once my offer is accepted, what should I do?*

Celebrate and focus on moving into your new home! You will want to schedule your move, pack items, and notify businesses of your address change. I will provide you with a moving checklist to help you remember all the details. I will also give you a good faith estimate and HUD statement, which will indicate the amount you will need to bring to closing.
What’s Ahead

Let's look for a new home.

The following pages represent homes that I have selected for your review. The information we discussed about your wants, needs and desires were all taken into account when I chose these homes.

In some cases, my clients find their dream home on the first day. In other cases, it takes more time to find the right home. Rest assured, there is a home out there just right for you. We just have to find it.

To assist you in the home search journey, I have organized a list of homes showing us the following information for each:

- Photos of the home
- The home address
- The current asking price
- The square footage and property taxes
- The number of bedrooms and baths
- The age and lot size
- Unique features and comments

Once we narrow down the list of properties that are of interest, I will:

- Provide you with more detailed information about the home
- Review the county tax records for tax liens, etc.
- Schedule a personal visit to the home
- Tour the home with you
- Determine how the asking price compares with other homes in the area
- Answer any and all questions you may have
